## High School Diploma - Adults 25 Years of Age and Older

Number and percent persons age 25+ in general population (2016 / 2019)

### Data Provider:
NYS Council on Children and Families

### Data Source:
American Community Survey

### Chart Description:
The chart shows the trend of high school diploma attainment for adults 25 years and older in New York State (NYS), New York City (NYC), and the Rest of State (ROS) from 2016 to 2019. The percent is represented on the y-axis, and the years 2016, 2017, 2018, and 2019 are shown on the x-axis.

### State-wise Comparison:
- **New York City (NYC)**: Shows a slight decrease in the percentage of adults with a high school diploma from 2016 to 2019.
- **New York State (NYS)**: Displays a consistent trend across all years, with slight fluctuations.
- **Rest of State (ROS)**: Exhibits a noticeable decrease in the percentage from 2016 to 2019.

### Regional Bar Chart:
- The bar chart provides a regional breakdown for various counties within New York State, showing the percentage of high school diploma holders in each category.
